

Fresh Storms Nearing Coast Not Perilous

PORTLAND, Ore., Oct. 31.—(UP)—Two new storms approached the Pacific coast today. But weather forecasters believed they posed no further threat to most areas of south central Oregon and northern California.

One storm was centered about 800 miles off the northern California coast and was expected to sweep into the northwest late today, bringing rain and winds. The other was forming in the Aleutians.

Meanwhile, southern Oregon rivers began slowly subsiding, with a temporary let-up in the fierce rains that sent many of them over the flood stage.

AREAS ISOLATED
Some 1,000 persons were forced to leave their homes and seek refuge in communities in Oregon and California were isolated over the weekend because of flood waters. Sixteen deaths were blamed on the five-day rainfall, and another five persons were missing.

The Red Cross set up soup kitchens and distributed blankets to refugees from the flood-stricken areas in the Willamette-Salmon-Naselle creek districts, where some 400 homes were flooded, planes dropped emergency supplies.

UN Forces Race Time In Korea

(Continued from Page 1)

elsewhere, but added that it might be from North Korea. "Shan" units held in reserve during the fight at Pyongyang, the Red Capital.

STALL FOR TIME
In Northeast Korea, scenes of action resembled an explosive checkerboard. Red forces—reported to be made up mostly of Chinese—were assaulting a virtually unopposed South Korean regiment at Shanhing, only 15 miles northwest of the industrial east-coast city of Hamhung.

The situation now seemed a reversal of that early in the campaign. After the June 25 invasion of the Southern Republic, heavily outnumbered and outgunned allies bitterly swapped space for time to build up an offensive force.

Now, in the apparent twilight of the war, the Reds are fiercely trading space for time—time for winter to take a hand. The temperature drops as low as 40 degrees below zero in Northern Korea.

Allied activity, in a few months probably would be restricted to difficult patrol operations.

Snow Presents New Obstacle To Searchers

Members of the RCAF ground search party, scouring the bush north of Whitecourt in an effort to find a clue to the five missing bushmen whose plane crashed over two weeks ago, have run into another obstacle.

Not only is the terrain rough and rugged, but they also have to struggle with the way through eight inches of snow.

Ground search is expected to continue for about two weeks. Meanwhile air search has been brought to a standstill by bad weather, but will continue as soon as possible.

Alberta's potato growers this year established a year record for quality and quantity on more than 30,000 acres.

New Austerity Forecast In U.K.

(Continued from Page 1)
It is considered unlikely that they will try to make much of a case against the government move to put the sugar-beet industry under state control. The industry already is operated by a government-subsidized monopoly established by a 1946 Austerity Act.

Although the government program "will make heavy demands upon the nation," the throne speech said the government will continue to give high priority to housing and will maintain the essentials of their social policy.

Winston Churchill strongly attacked the government on some of its proposed new domestic legislation.

He said that intended new steps to give the government permanent, arbitrary power to control prices and to regulate production, distribution and consumption was "a step beyond anything compatible with decent and reasonable parliamentary action."

The reference of the throne speech to these controls he described as "five lines of blatant and impudent demagoguery."

"It is very unlikely that this parliament will last long enough to make it effective," he added.

Churchill said his opposition party would ask the common next week for a vote of no-confidence in the government for its grave mismanagement of the housing problem.

Gas Boosts Potentiality

CALGARY, Oct. 31.—(UP)—The province of Alberta has an "extraordinary industrial potential," and natural gas is one of the prime factors in its future growth, William A. Lang, Edmonton, of the Alberta Research Council, said here today.

"Alberta's potential industrial development is probably greater than that of any other province because of its reserves of energy in the form of coal, oil, natural gas and bituminous sand, and hydro-power," Lang told the Petroleum and Natural Gas Conservation Board.

Lang was testifying at hearings of the board into Alberta natural gas reserves.

The board was endeavoring to determine whether there was sufficient natural gas in the province to supply both the people of Alberta and export markets.

Horrors of Hallowe'en Seem Horrible to Some

The spirits will roam at large in Edmonton tonight, evoking terror and horror wherever they go. And some of the horror is going to be on the faces of homeowners who find themselves victims of juvenile pranksters.

Edmonton however, will likely get off lightly with little of the damage from the hallowe'en hoodlums so prevalent elsewhere.

A major share of credit for safe and sane hallowe'en celebrations in the city goes to the community leagues which will sponsor some 15 hallowe'en dances for teenagers. Many schools will also hold classroom parties. In the afternoon for younger fry.

City police will have their patrolmen on the streets early tonight but they are not expecting much trouble.

"Vandalism is on the decline among teenagers," commented Chief Constable Reg Jennings. "Edmonton has a good record."

Commendation for the work of the community leagues came from John Parina, superintendent of the Civic Recreation Commission.

"We do not have the downtown mobs found in some bigger cities like Vancouver," he said. "Where Vancouver has some recreation centres for 500,000 persons, we have 30 for 150,000."

Paul Lawrence, director of the Edmonton Safety Council, issued a three-point warning:

1.—Smaller children should always go out in the company of older children.

2.—Motorists should be particularly on the lookout for children who may carelessly dart out across darkened streets in residential areas.

3.—Be sure children can see properly with masks on.

Insidious Vote Campaign Rapped
(Continued from Page 1)
those whom the Journal cited as opposed to the Dewar agreement. A.D. Bennett asked, "Why should Edmonton people be guided by outside 'blue shirts'?"

Mr. Gieve said Edmonton citizens shouldn't be influenced by "red herrings the Journal drags in." He said the paper professes to be worried about small taxpayers and homeowners, but is in reality worried about far different things.

Both Mr. Gieve and A.D. Bennett cited broadsheets of the Taxpayers' Protective Association—Gieve for his "lack of intellectual facilities to declare its members publicly," and Bennett for its attempt to "use the Dewar agreement as a draft divider agreement."

OTHER SPEAKERS
Among others who added spice to proceedings were A.D. Fred Milne, armed with a sheaf of pamphlets about the Dewar proposal; Herbert Turner speaking for Carl Berg and his achievements for Edmonton labor; A.D. Ed Clarke, who said he hoped A.D. Bennett wasn't referring to him as a Communist because "he (Clarke) voted against the City Centre agreement; Tommy 'Get out and vote for young men' Graham; Duncan Innes, George Lindsey, Charles Simmonds and Fred Speed, who derided "the way they're monkeying with this town, now that we're rich."

Woman Arrested Here Remanded
TORONTO, Oct. 31.—(CP)—Glad Arnetta Teasdale, 35-year-old book-keeper, and Michael Mann, 27, a private investigator, charged jointly with theft of \$28,000 from a law firm which employed Miss Teasdale, were remanded today to Nov. 14. Miss Teasdale was arrested in London from her Toronto home.

GENERAL ELECTRIC LAMPS

Guard young eyes from strain

One of the causes of eyestrain is poor lighting. So provide your youngsters with correctly designed floor and table lamps. Also use General Electric Lamp bulbs, they stay brighter longer! For reading and purposes requiring abundant light, use at least a 100-watt G-E Bulb.

Long-Time Railroader Is Retired

Alfred Henry Haffie, 12123 - 117 street, who worked for three different railway companies in Western Canada in 44 years, retired yesterday.

The veteran CNR engineer, who yesterday marked his 65th birthday, was greeted by officials, friends and relatives as he stepped down from his "faithful" old No. 17 for the last time following his run from Wainwright.

Mr. Haffie, born in Cumberland, Eng., came to Canada in 1906, at which time he joined the CPR in Cranbrook, B.C. After working for the CPR for three years, he "switched" over to the Grand Trunk Pacific, which later became the CNR.

He began his CNR railway career as engine watchman and in 1910 was promoted to locomotive fireman. He became engineer in 1923.

During the course of his many years of service to the CNR, Mr. Haffie has worked on every division between Riverman, Man., and Prince Rupert, B.C., an unusual feat for one single man.

Mr. and Mrs. Haffie will remain in Edmonton.

The annual federal-provincial agricultural conference, scheduled to open in Ottawa, Dec. 4, has been advanced to Nov. 30.

Decision to change the date was taken because another federal-provincial conference — on fiscal and constitutional matters — was also scheduled for Dec. 4. Provincial agriculture ministers and their deputies from all 10 provinces are expected to attend. They will review this year's crop and agricultural developments and study future projects.

Community Chest receipts yesterday totaled \$13,008. The total now on hand is \$129,960, just over \$15,000 short of the \$145,000 objective.

If A. Gray Home and School Association will hold its regular meeting tomorrow at 8 p.m. in the school auditorium. E. C. Emmott, provincial secretary of St. John's Ambulance Corps, will show films on safety.

Orville E. Johnson, owner and operator of "Ham" station WEXB at 1085-58 street, has been awarded the coveted WAC certificate (worked all continents) by the International Amateur Radio Union. Johnson contacted points in the U.S.A., French Morocco, Australia, Peru, Korea and Finland to qualify for the award.

A 17-year-old Watakwia youth today was charged with dangerous driving following an accident at 110 avenue and 101 street Monday night in which a pedestrian was injured. William Sawchuk, 11948-62 street, was admitted to Royal Alexandra Hospital suffering injuries to the right elbow, leg and ankle following the accident.

The youth is in police custody and held at the Optometrist's Home. Sawchuk was taken to hospital by City Ambulance. His condition is "satisfactory."

A chimney fire in the auction building of the Western Stockyards at the North Edmonton yards was quickly extinguished by two fire halls today.

The fire began at 11:20 a.m. when a wood fire was lit in a boiler gas chimney. The fire refused to take and spread to the auction ring. Damage was slight. Halls two and five attended. The fire was struck out 20 minutes later.

District Fire Chief W. Young attended.

Deputy director general of the ministry of education in Ethiopia, Ephraim Borrou is in Edmonton today.

Traveling on a Canadian UNESCO fellowship, Mr. Borrou is observing schools and educational administration here, following an itinerary arranged by the Alberta department of education. In addition to obtaining information relative to elementary and secondary education, he will visit the University of Alberta.

Resolutions approved at the recent Red Deer convention of the Alberta Association of Chambers of Commerce and Agriculture were submitted today to the provincial government.

A delegation, whose members included O. C. McIntyre, president of the Edmonton Chamber, presented the Association's views to the government at a special cabinet meeting this morning.

Alberta's police total rose to 120 for the season with the report today to provincial health authorities that a 16-year-old girl died in the latest person affected by the disease.

New summer school for grade 12 students is under study by provincial education authorities to encourage more students to enter universities.

Officials of the department of education today are discussing the likelihood of offering short summer course which would enable grade 2 students to complete their high school studies.

IT'S TIME for a big breakfast and trim for Wybred 32E, Yorkshire boar, owned by P. Wyllie, Leduc, today at Exhibition Grounds, as fall livestock show opened. Doing trimming are exhibitor's son and daughter, Peter and Margaret Wyllie.

Fall Stock Show Opens With 815 Entries Listed

Weighing and marking of 815 head of livestock took place today at the Fall Livestock Show and Sales opened at the exhibition grounds.

Judging in the show, which will continue until Friday, Nov. 3, got under way this afternoon.

Attention of the judges today centred on junior farmers' competition, which includes lamb trimming and pig feeding classes.

Ten youngsters are entered in pig feeding class, with Peter and Margaret Wyllie, son and daughter of veteran Leduc exhibitor P. Wyllie, being among the favorites.

Others in the contest are William and Melvin Smith, Inland, Robert Harry and Shirley Ferguson, North Edmonton, Walter Kriv and Donald Currie, Inman and Gordon Sheppard, Edmonton.

YOUNG FARMERS
Junior lamb trimming competition brought together entries led by the following young Alberta farmers: Garth Bunker Tavistock, Bruce McDonald, Mannville; Kenneth Armstrong, Okanoway; A. R. Squair, Legal; Walter, Ervin and Donald Currie, Inman.

Today's afternoon session also featured senior sheep and swine judging competitions, in which the animals are weighed, tagged and then sent to the packing plants for carcass competition.

Approximately \$1,000 will be awarded in the show, which is primarily a swine and sheep exhibition. Cattle, the main attraction in the exhibition's spring show, number only 12 in the current event.

SALES FOLLOW
Judging will come to a close tomorrow afternoon. Sales of purebred cattle, swine and sheep are scheduled for the last two days of the show, Nov. 2 and 3.

Sixty-one exhibitors are entered in the show, hailing from many points in central and northern Alberta.

Swine again form the major portion of the entry, with 364 purebreds and 189 commercial listed. Sheep entries total 202 purebreds and 67 commercial.

Judges are as follows: Graham

Extensions Planned For Police Station

Alberta Gov't To Contribute \$90,000 To North Side Project

The Alberta government will contribute \$90,000 to the cost of police station extensions planned by the city of Edmonton.

Hon. Lucien Mynarski, attorney general, announced the government's decision today.

Assistant of the provincial government in financing the construction was sought by Edmonton city officials, after the need for added police station facilities was stressed by provincial authorities.

The new structure will cost an estimated \$205,000 and will be built immediately north of the existing police station.

Construction will begin early next spring.

Work is already underway on a new police garage on the east side of the present station on 97 street.

Sterling Again Heads Secrecy

ROCKY MOUNTAIN HOUSE, Oct. 31—George Sterling of Benalla, was re-elected president of the Rocky Mountain House Social Credit Constituency Association at the group's annual convention here yesterday.

Speakers at the convention included R. D. Jorgensen, president of the Alberta Social Credit League and Orvis A. Kennedy, national treasurer and organizer.

Handling auction sales on the last days are Don E. Hall, Edmonton, J. W. Durso, Calgary, and Archie Boyce, Edm.

You will be delighted with this fragrant tea

Johnstone Walker's

Will Resume Its Long Established

ANNIVERSARY SALES

Which This Year Commemorate

The Firm's 64th Year

In The Service of Edmonton, Northern and Central Alberta

A rather unique occasion takes place this year with our decision to resume our Anniversary Sales, which were so outstanding 10 years ago, for this 64th Anniversary Sale finds Johnstone Walker's at the half-way mark in the 20th century and recalls the fact that this store was a going concern in those early pioneer days—14 years before the dawn of this century! And now, 64 years later, has plans well formulated which will enable it to move forward with Edmonton, the fastest growing city in Canada!

• Since the founding of this business in 1886 and on to 1950—the half-way mark of the century, we have passed through great and stirring years. The Yukon gold rush in 1896 . . . the arrival of steel for the Canadian Pacific Railway from Calgary . . . the inauguration of the Province of Alberta . . . the establishing of the University of Alberta. Then followed great civic undertakings . . . Edmonton Street Railway System . . . and other services — Water, Light, Power and Telephone. The discovery of Natural Gas and the system of distribution was also of great importance to Edmonton . . . and 25 years later the discovery of OIL over large areas with hundreds of wells producing thousands of barrels daily. On October 4th, Premier E. C. Manning of Alberta turned a valve in the recently constructed pipeline system that sent Alberta Oil surging to Regina . . . and later it will go to Winnipeg and the head of the Great Lakes.

• These are a few of the developments that give us unbounded confidence in Edmonton and prompt JOHNSTONE WALKER'S to ever strive to be of greater service to you in the years that lie ahead

• During the Second World War period and 3 or 4 years that followed, merchandising problems were numerous. There was practically no standard of values and almost a total absence of quality merchandise so we decided to discontinue our ANNIVERSARY SALES until we could obtain the quality merchandise you have always looked to JOHNSTONE WALKER'S to provide. So now that there appears to be an ever-increasing supply of dependable, quality merchandise, we are commemorating our 64th ANNIVERSARY and the "HALF-WAY" mark in the CENTURY with a three day Sale that will send you on your way rejoicing !!!

ROYALTY SEES FILM OF QUEEN VICTORIA

LONDON, Oct. 31.—(CP)—The Royal family went to the movies last night and a billion-dollar collection of British and American film stars put on a dazzling show in an effort to please them.
The movie that the King and Queen and Princess Elizabeth and Margaret went to see was "The Tudors". It is a film about the King's great grandmother, Queen Victoria. It was a controversial choice of this year's Royal film performance.
The Royal family were black in mourning for King Gustaf V of Sweden who died Sunday.
Their Majesties liked the film, but at least one critic said it was a "bit of a bore."
The Daily Express said that Queen Victoria's Queen was a little too reverent.
"The Tudors" is the story of a 16th-century Englishman who sneaks into the palace because he wants to see Queen Victoria. Behind this story there is a second plot, the historical story of the Queen herself.
It was a great night for the life-size film stars. The crowd reserved its highest honors for the picture, C. G. Martin, the village tailor, attends every match and related players and scores attached at hand and full-time.
LUDWELL, Wilshire, Eng.—(CP)—Tala Hill village gave the news of its favorite soccer team by picnic post, C. G. Martin, the village tailor, attends every match and related players and scores attached at hand and full-time.

POTENT BREW CAUSES GOO

WATERLOO, Ont., Oct. 31.—(CP)—Firemen were called out to wash the streets over a two-block area last night when a 1,000-gallon tank of fermenting liquid, being hauled to a distillery, blew up. The grape juice from a winery blew the head off the tank on a tractor-trailer and splattered a large section of the downtown area.

Premier Forms Israel Cabinet

JERUSALEM, Oct. 31.—(AP)—Premier David Ben-Gurion presented a new broad coalition cabinet of 15 members to Israel's Knesset (parliament) last night. The cabinet includes seven members of Ben-Gurion's ruling Mapai (Labor) party, one non-partisan, three religious members, one representative of the Progressive Party and one from the party of Sephardic Jews.

Value Increased In House Building

Shows Jump Of Nine Per Cent In First Half Of This Year

OTTAWA, Oct. 31.—(BUP)—New residential construction in Canada during the first half of 1950 was valued at nine per cent more than in the same period of 1949, Central Mortgage and Housing Corp. reported last night.

The Crown-owned housing agency said new industrial, commercial, institutional and government construction was also nine per cent higher during the first six months of this year.
CMHC's quarter report on housing in Canada said the value of new construction of all types in the first half of 1950 was \$340,000,000, of which \$240,000,000, or 70 per cent, was for residential construction. The total of new construction of all types in the first half of 1950 was \$340,000,000, compared with \$308,000,000 a year earlier.

Part of the nine per cent increase was a reflection of higher material and labor costs. The corporation said its index of new housing units started during the first half of the year, 4,500, was an increase of only four per cent over the same period of 1949.

MATERIALS UNCHANGED

The report said production of building materials remained, for the most part, at the 1949 level during the first half of this year. The composite index of production of construction materials other than lumber rose by one per cent, however, in lumber output. Increased exports of Canadian lumber to the United States resulted in an overall rise in lumber prices, and lumber shortages in some sections of the country.

The general level of building costs rose seven per cent between July 1949 and July 1950, CMHC said. Building costs had fallen slightly over the first half of 1949, but rose during the first half of this year largely because of the increase in lumber prices.

INDEX UP

CMHC said its index of residential buildings materials prices—not counting items used mainly in commercial buildings—rose 1.5 per cent in the first half of this year.

EDMONTON BULLETIN, Tuesday, October 31, 1950

Operation On Heart Hailed By Doctors

Edmonton doctors today awaited further details before commenting on a report of an operation for coronary heart disease, killer of many persons, performed at Northwestern University in Chicago.

Dr. Claude S. Beck, neurosurgeon at Western Reserve University, Cleveland, made the report in a lecture and in movies of the operation.

Usually reserved physicians called it "amazing" and "astonishing," medical sources said. The operation is designed to remove blood from the heart muscle by bypassing the blocked coronary artery. A piece of blood vessel is grafted between the aorta, or main blood channel, and the opening of the heart.

Dr. Beck said four persons in the United States have undergone the operation and only two have died. It is a hardening or narrowing of the arteries supplying the heart muscle. It strikes many persons who work high tension or for long hours.

Woodward's WEDNESDAY MORNING SPECIALS

Personal Shopping Only Store Hours Wednesday 9:30 to 12:30

John Boettiger Jumps To Death from Hotel

NEW YORK, Oct. 31.—(AP)—John Boettiger, 38, former son-in-law of the late President Franklin D. Roosevelt, plunged to his death today from the seventh floor of an exclusive Manhattan hotel.

Police said he had been in a depressed state of mind for several days and was under care of a male nurse.

They said he awakened this morning, asked to have the window opened wide, and then hurled himself out.

Boettiger, a life-long newspaper man, was the divorced husband of the late president's only daughter, the former Anna Roosevelt Dall, mother of Sissy and Buzzie Dall.

Boettiger and Anna had one child of their own before the divorce, John Boettiger, Jr.

Boettiger was a political reporter for the Chicago Tribune assigned to cover Roosevelt's campaign tour when he met the president's daughter.

The romance blossomed quickly. Boettiger left the Tribune, and after the marriage became publisher of the Seattle Post-Intelligencer, one of the Hearst papers.

He left Seattle during the war to serve in the American military government overseas and after the war returned without resuming his

Civil Servants To Get Boost

REGINA, Oct. 31.—(CP)—Domestic civil servants will probably get salary increases next January, Fred Knowles, national secretary of the Amalgamated Civil Servants of Canada, said at a weekend meeting of Federal employees in Regina Labor Temple.

Mr. Knowles said he does not know how much the wage boost will be.

Boy Admits Starting Fire

LONDON, Oct. 31.—(CP)—A 15-year-old London boy admitted in juvenile court yesterday that he started a fire which caused \$20,000 damage in Talbot Street Baptist church Oct. 2.

Judge Donald Menzies directed that the boy remain in his parents' custody until Nov. 27 when final disposition of the arson charge will be made.

publishing position. He and his wife were divorced two years ago. Boettiger later married Virginia Daly Lunn of Phoenix, Ariz.

Sarnak Makes Manitoba Woman Better After 14 Years Suffering

When Sarnak Internal Medicine was first made available to the public Mrs. A. N. Mallett of McAuley, Man., was anxious to try it, for she had suffered for 14 years with arthritic pain.

She lived 20 miles from a druggist and had to write to a druggist in Winnipeg. By the time Mrs. Mallett had taken two bottles of Sarnak she was better. Here is what Mrs. Mallett told this writer: "I am only too glad to tell you of my experience with Sarnak for someone else who suffers as I did may decide to take Sarnak. Sarnak relieved me of bloating, sick stomach and bilious attacks through constipation and relieved me of arthritic pain in the lower spine, shoulder, right arm and both hands. After taking only two bottles of Sarnak even the dampness and cold doesn't bother me."

Letters are pouring in from all over Canada from people who have taken Sarnak for various forms of rheumatic and arthritic pain, some kidney, liver and stomach disorders, sleeplessness, nervousness, nutritional anemia and constipation and are now better."

MRS. A. N. MALLETT
B. H. Quarrell discovered of Sarnak says: "There is hope! I give you one week to prove I can make you better."

Southside Firm Expands Store

Pioneer Dealer Ignored Criticism to Build Business

Eighteen years ago a young salesman by the name of N. Siegel decided to start the southside's first furniture store.

So in spite of the expressed verdict of advisers that a southside furniture store would never succeed he established the Strathcona Furniture Store in a small 12-foot by 60-foot shop near the present-day liquor store on Whyte avenue.

Things went so badly that three years later he was forced to move to new enlarged premises on 103 street just south of Whyte avenue. The new shop was 141-foot by 66-foot.

Once again the experts shook their heads. It was off the beaten track. Business failed in the same location. This time young Siegel had made the big mistake. Yesterday still young Mr. Siegel was taking stock—and congratulating himself on the major step he was forced to build!

AGED WOMAN GOES TO JAIL

DETROIT, Oct. 31.—(AP)—Recorder's Judge George Murphy expressed regret yesterday at sentencing an 80-year-old woman to jail for six months to two years. Mrs. Dorothy Hamilton was convicted of promoting a lottery for a non-existent children's home. A probation and psychiatric report described her as an international confidence woman and "a risk to the community."

U.S. Stockpile Big

TORONTO, Oct. 31.—(CP)—Harrison Wood, commentator for the Mutual Broadcasting Company, told the Canadian Club of Toronto yesterday that the United States may have enough large bombs based in Britain and a large enough stockpile of atomic bombs to destroy Russian industry in from 20 minutes to two hours.

major advantage of the location visited by would-be visitors. "It's the only store in the city," he claims. "That hasn't got a parking problem."

EDMONTON BULLETIN, Tuesday, October 31, 1950

Two Charged With Possession

CALGARY, Oct. 31.—(CP)—Edmund Heico, Foucault and Wesley Edward Alex, both of Vancouver, yesterday were remanded without election or plea to Nov. 7, when they faced charges of illegal possession of heroin.

They were arrested Saturday as they got off a bus here, and police said they found 10 heroin capsules in their possession.

RCMP Killed In Own Car

RAMLOOPS, B.C., Oct. 31.—(CP)—Constable H. Ross May of the RCMP was killed Sunday when his car crashed into a tree here.

Constable May, who is survived by his widow, was driving his own sports roadster.

Rail Hearings

MONTREAL, Oct. 31.—(CP)—Private hearings in the rail dispute which was climaxed by a country-wide non-day strike last summer resumed yesterday in Montreal after adjournment Friday. The hearings are expected to continue until Friday.

RCMP Killed In Own Car

RAMLOOPS, B.C., Oct. 31.—(CP)—Constable H. Ross May of the RCMP was killed Sunday when his car crashed into a tree here.

Constable May, who is survived by his widow, was driving his own sports roadster.

King Football Has the Floor

The town continued to buzz yesterday, with King Football the main topic of the gum-busters. This went, even though Riley Mullen and the revamped Saskatoon Quakers were booked into the hockey Gardens for a session of high sticking and the like with the runaway Flyers.

Followers of the Eskimos, particularly those who thought it worthwhile to make the round trip to Regina with the squad, were still going around in a kind of fog.

Attitude of many seemed to be: "Sure I saw it with my own eyes. But it's still hard to believe Eskimos punished Roughriders the way they did."

Store was Eskimos 24, Riders 1, in case anyone has forgotten so soon.

The clients, whether they had got the doling from a seat in game-time Taylor Field, or settled for a perch beside their TV—oops—radio set at home, were still running a temperature.

Head-coach Annie Stukina, line coach Don Durno and the players were for exploiting their newly-regained role of heroes to the hilt. You can be a longtime a bum in the grid game, particularly if the ball happens to bounce the wrong way.

As for the executive—why Walter Sprague, Henry Slinger, Bud Bradburn, Ken Montgomery and associates could afford the biggest chuckle of all. They had spotted their Regina counterpart years of organization and preparedness, had caught up and passed them in just 22 months.

True there were those who thought all the hullabaloo and fanfare tied in with the return of the team from Regina was premature.

Whether it was or not is relatively unimportant, unless the coaches and players take it to mean Edmonton will settle for what has been accomplished.

This isn't likely, considering that most of the Eskimo cast want to represent the west in the Grey cup final so bad they can taste it. But that Sunday morning reception at the CNR station, whatever else, served to tip off what can be expected in this life if Eskimos succeed in rubbing out Winnipeg in the west finale.

And if they win all the way? Why there'll probably be enough celebrating to cut Calgary in for what's left over.

A number of interesting stories followed the ball club and supporters home from the Saskatchewan capital.

Keith Spalth, Calgary quarterback who was taking most of the bows himself about this time last year, invited Lindsey Barry to his room, there to regale the Eskimo hawker with what a fine game he had called.

"It was," Californian Spalth is reported to have told the former Texas Christian star, "the finest game I've seen called since I came up to this country."

Morris (Snake) Bailey also had something to say about the report last week that he and Berry no longer were chummy.

As the bouncy Bailey put it: "When Lindsey got hurt and didn't want to go off, I walked over to him and said: 'You better get off here quick or I'm going to punch you in the nose.'"

In the end Berry was prevailed upon to take himself, gimpy knee and all, to the bench.

But as Bailey said, "If I'd had to punch Lindsey to get him outa there guess people would really have thought there was something wrong between us."

Haley Sparks

'Hat Tigers

MEDICINE HAT, Oct. 31—(CP)—Captain Len Haley, of Edmonton led Medicine Hat Tigers of the Western Canada Junior Hockey League to their first victory of the season here last night when they downed Crow's Nest Pass Lions 5-3.

Centerman Haley scored four of the hat goals and set up the fifth. Three of his goals were notched in the third period after the Lions had taken a 3-2 lead.

Home town fans saw seven new faces in the Tiger lineup: goalie Murray Doble, defencemen Ned Seckinger and Dino Maniago and

forwards Homer Calder, Harley Patterson, Frank Stone and Steve Rex.

The win, first for the Cats after four straight losses, put them within a point of the fifth place Calgary Buffaloes. The loss was the third straight for the Lions and left them three points back of the second place Regina Pats.

BALTIMORE, Oct. 31—(AP)—Gus Goetz, young Argentine heavyweight who fights Joe Louis next month, last night scored a unanimous decision over Kocoe Simmons, Brooklyn Negro, in a 10-round bout at the 1946, Simmons round weighed 245 lb., Simmons

MAMMOTH MURAL of telegrams is inspected by trio of Edmonton Eskimos at Clarke Stadium last night. The good wish wires—450 of 'em—were received in Regina last Saturday before Eskimos walked Roughriders 24-1 in the western semifinal. From left, Bill Horrie, Harry Hobbs and Rollin Parham inspect the communications which have been pasted together and hung on the dressing room wall.

Opening Day ACT Carspiel Takes Heavy Toll Favorites

Theo (Frenchy) D'Amour, Cliff Manahan and the Campbell's of Avonlea, Saskatchewan, long since have rated a place in curling's Who's Who. But yesterday, as the second annual Associated Canadian Travelers Carspiel was broken out of the wrapper of the Granite and Edmonton rinks, all three blue-bloods knew the bitter sting of defeat.

D'Amour, winner of the cars 12 months ago, found out right off that this is a new year, a new rival. He dropped a 12-1 verdict to J. E. Johnson, who bats from Nipawin, Sask., cradler of the curling.

D'Amour was brought up short on sheet No. 16 at the Edmonton rink.

Coincidentally, the Campbell's winners of two sets, bonaparts in 1959 were edged out by Van Manaway, of the Alberta Avenue rink on the next sheet, on the same 12th stone day.

Manaway was manhandled by ACT 2 rink, skipped by Walter Sharplin, - who 6:00 clock drew also at the Edmonton, Sharplin's sharpies doubted the score on the jawline. Canadian curling is won 12-6.

But if D'Amour and certain other favorites, such as the going slippery, such was not the case all down the line with the fastest curlers in the world.

Popular Billy Rose, Sedgewick, came away with a pair of victories as did Grant Watson, famed shotmaker from Winnipeg. Gordon Walker, Royal Club, Lloydminster, Viking, and Bert Robertson, Granite, were among others to stay alive in the No. 1 event.

CROSS-COUNTRY RACE WON BY STU MUNRO

Pharmacy student Stu Munro flashed across the finish line in 17:18 minutes to take top honors in the University of Alberta cross-country race held Saturday afternoon.

Munro's time over the 3.3 mile south side course was about a minute better than his closest rival, Dave Thomas. Thomas was closely followed by Linc Moore, Arts and Science scholar.

Kappa Sigma fraternity was awarded the Kerr trophy, emblematic of team supremacy.

BCC Hitting .672 As Grid Selector

The Brain and the Bulletin's Casual Choices, Inc., were doing a big business today, following a successful weekend in the pigskin prognosticating department.

Specifically, they were being delegated with orders for the brand of capris consumed by The Brain before he makes his weekly selections.

For that soothing stuff had enabled the BCC expert to predict the outcome of the crucial Regina-Edmonton game and make himself 400 potshots.

The BCC ace called Eskimos by line 79, or 872.

Vote Tomorrow Folks

Loud-mouthed candidates often get beaten by the silent vote.
A polling booth is a nice safe place to call somebody a heel.

Sometimes I think my pal Omar Bishadi doesn't know all the answers. Nuff said?

That big mellow harvest moon does things to dentist Dr. Ambrose O'Neill. Dr. O'Neill is a big poo-bah in Alysia Home and School Association. He's a past-president, in fact.

The association started bustling around a few weeks ago getting ready for a big harvest moon dance in Eastwood hall.

President Laurie Payment and chairman Ernie Parker unloaded 15 tickets on fast-talking Dr. O'Neill. Did not only said the tickets in something like no time at all but offered to provide transportation for all and sundry who bought.

The molar specialist hired a couple of baby sitters at his own home, picked up his 15 patrons and roared to the hall Saturday evening.
The guy at the door looked at the tickets and then at Dr. O'Neill. He scratched his head.

Doc and his friends were at the right hall at the right time of the week. There was just one thing wrong. He was one week ahead of schedule.
The big dance is on Sat., Nov. 4. See what I mean about a harvest moon.

From the Missus to the Pickering family: Thanks a million. They fit perfectly. From me to flower woman Mrs. McAfee: Belatedly, many thanks.

Orchid department: J. C. Whennam of the Happy Hobbies shop is really happy about the action of a city policeman at the southwest corner of Woodward's store yesterday. Time was 9:30 a.m.

Cop was engaged in the grim business of placing red tickets on car windshields when Whennam drove up. He couldn't find a nickel or coppers in his pocket. John Law gave him a "one dollar" look when he noted violation sign on nearby meter.
Whennam explained his plight and hurried into store to get meter fodder.

When he came back out the officer was gone but meter parking time was good for 12 minutes.

Last time I heard from Pat Ashby somebody was taking pot shots at him on his front lawn. That was a couple of months ago.
After such a long silence I half suspected the guy in the Ashby shrubbery was improving his marksmanship.

But Pat is alive and still kicking. In his note received here today he's kicking about coyotes. Pat suspects them of eating 40 of his pullets. They sit near the Ashby barn and howl at the sheep and chickens.
Pat's son Terry is going to organize a coyote hunt at a meeting next Tuesday.

Tip to Pat on how to scare away coyotes forever: Read four or five pages out of your old Hansards to the varmints.

A sympathetic goodnight to all and especially to poll clerks.

Trepel, Senfosky Suit 'Informal' Auditorium

How important the right audience and the right auditorium can be to the success of a musical revival was well demonstrated at McDougall Church last night.

The artists were Trepel, Senfosky, violinist, and Neil Senfosky, violinist. They were a very talented young couple and they played some very good music.

But by artistic standards they are unemotional and their musical subtlety and good taste might easily have been lost on a larger audience in a larger hall.

Their recital was ideally suited, however, to the intimate informality of the church hall, and they found an audience moderate in size but warmly appreciative of their music.

Handel's Passacaglia for violin and cello, in which they combined their talents, was easily the stand-out performance of the evening.

GOOD IN SOLOS
A majestic work, alternating dramatic passages of counterpoint with slow somber melody, it combined the cellist's rich melodic lines and the violin's clean melodic line.

Handel's solo, "Variations on a Theme," was the highlight of the evening. The work, which was played in the program, was a beautiful example of the composer's style, emphasizing elegance, grace and refinement.

The solo was played by Schubert. In other works by Schubert, Senfosky and Graziano, she exploited other resources of her instrument but without attaining the same severity as in the "Variations on a Theme."

\$300,000 Permit Okayed For YMCA
Edmonton's 1950 building permit list included a \$300,000 permit for construction of its new four-story addition.

A Danish shipping firm is fitting all its new ships with a baby watch for season of watch.

GHOSTS START WALKING

ELDER GENERATION ghosts and goblins cavorted in costume last night when Friendship Club members of Alberta Avenue branch held a Halloween party. Fear-some trio T. W. Brown, left, Mrs. Brown and Mrs. E. Rutherford took part in apple-bobbing, fortune-telling, costume parade featured at party sponsored by community league.

Jasper Place Village To Become Town on Nov. 15

Jasper Place will become a town on Nov. 15.

This was disclosed at last night's meeting of the village's council.

Mayor J. M. Stone informed council that the recommendation for town status had been accepted and signed by Hon. C. E. Gerhart, Alberta minister of municipal affairs.

MAYOR'S SALARY

Recommendation, as accepted, also carries a clause which rules that towns of 5,000 or more population may pay a mayor's salary.

Decision on the latter will not be made until later, probably after the Jasper Place town council election, slated for next March. Jasper Place's population is in excess of the 5,000 limit.

The March election will install a regular town council in Jasper Place.

The new council will be made up of a mayor and six councillors.

Last night's meeting adopted a motion by councillor William Brown asking that petitions be placed at night on the clutches of all village-owned tractors.

Action developed as a result of a theft last Saturday of a Jasper Place tractor. The tractor was later found by Edmonton city police abandoned in a ravine on Capitol Hill.

GAS REQUIREMENTS

Two Alberta Co's Needs Set at 2 Trillion Feet

Natural gas requirements of Alberta, two major distribution companies until 1960 yesterday were estimated at 2,248,000,000 cubic feet.

The estimate was made by a gas company official appearing before the Alberta Petroleum and Natural Gas Conservation Board at a special hearing at Calgary to determine Alberta's potential reserves, how much can be delivered and how Alberta's own requirements can be provided for.

He said that it would be necessary within the next 12 years to augment the supply now available by 1,250,000,000 cubic feet.

The official, P. A. Brown, president of Canadian Western Natural Gas Co., Calgary, and Northwestern Utilities, Edmonton, said a careful analysis of annual market requirements and peak day loads to 1960 showed that Canadian Western would require an estimated 1,060,000,000 cubic feet to meet the estimated needs of the next 12 years, while Northwestern would require an estimated 1,188,000,000 cubic feet, a total of 2,248,000,000 cubic feet.

The figure only included the requirements of his own companies and did not include the requirements of smaller companies operating at Medicine Hat, Wainwright, Vermilion, Leduc, etc., he said.

EDMONTON WOMAN IS NAMED DRAMA HEAD

CALGARY, Oct. 31.—(CP)—Mrs. Elizabeth Sterling Haynes of Edmonton Sunday was appointed president of the Alberta Drama League. She succeeds Miss Betty Mitchell of Calgary, who resigned due to pressure of other activities.

Miss Esther Nelson of Edmonton will tour the province to reorganize divisions and individual drama groups.

Plans were laid for the regional festival in Calgary April 2 and 3. Eight member organizations are expected to compete.

City, Civic Workers Hit Each Other's Tactics

Both city commissioners and the civic employees union came in for rebukes at last night's library board meeting.

The meeting, which resulted in salary and cost of living boosts for library employees, ended with both negotiating sides going on record in criticism of the other's tactics.

O. E. McDonald, secretary of the

CLIVE Service Union, local 32, contended the city had only granted a cost-of-living bonus because city managers were convinced living costs were due for a rise.

BARGAINING

The statement was made in reply to a criticism by A. D. McTavish, chairman of the library board financing committee, of the union's bargaining methods.

The wage agreement grants the library board employees a cost of living bonus of \$5 a month and a payment of \$64 to cover the period January to November.

The salary boost was approved by 100 annually for 10 professional employees. The cost of living bonus affects 35 library employees.

Safety Week Scheduled Here

Pedestrian Safety Week scheduled for the end of November, will be planned at a special meeting of Edmonton Safety Council's first committee tonight.

Meeting in late Alberta Motor Association board room at 8 p.m., they will discuss plans which will be carried out during the week to attract attention to the problem of pedestrian-motorist collisions.

The meeting will also discuss a Recreation Commission recommendation that Borden Park be further developed. The Safety Council hopes to see a bicycle-riding ground in the park made a part of any such development.

A safety film on "drunk-driving" will be shown.

Mayor States Hospital Bylaws 'Yes' Essential

Increased use of hospitalization policies has changed the hospital beds picture, and made passage of the two Royal Alexandra hospital bylaws tomorrow very essential.

Mayor Sid Parsons today cited a new federal civil service scheme, which comes into operation Dec. 1, as an example of this fact.

"All the schemes require hospital admission to qualify for benefits, and we must face the fact that it requires more and more hospital beds to meet the increasing demand," he said.

Army Parade

The 26th Heavy Anti-Aircraft Regiment will parade tonight at 8 p.m. at the Prince of Wales Auditorium. Through battle dress, with 1500 men and 1000 horses.

Polls Open 8:30 A.M. To 7:30 P.M. For Balloting

Wednesday is Election Day for Edmonton.

From 8:30 a.m. to 7:30 p.m., citizens will vote on:

1—The projected Detweiler City Centre agreement for an estimated \$500,000 downtown development, which must receive a two-thirds majority to be ratified.

2—Ten money bills covering borrowing of \$400,000 for various public works and improvements.

3—Five aldermanic seats.

4—Five aldermanic seats.

5—Five aldermanic seats.

6—Five aldermanic seats.

7—Five aldermanic seats.

8—Five aldermanic seats.

9—Five aldermanic seats.

10—Five aldermanic seats.

ELIGIBLE

Anyone who has lived in Edmonton since Dec. 1, 1946, is eligible to vote in the election.

But only property owners listed on assessment rolls as having \$200 or more in property can vote in the Detweiler referendum and for money bills.

NO CHOICES

Only ballots marked with an X will be counted. Numbered choices won't be accepted.

CITY CENTRE PROJECT STRONGLY ENDORSED

The tax agreement proposed for the Detweiler City Centre was vigorously endorsed by Recreation Commission Chairman W. Clemens Richards yesterday.

"All talk of normal taxation doesn't apply to this project at all," he told a luncheon meeting of Edmonton Recreation Club members.

"We want to build a civic centre but we can't afford it. The first New American Corporation has offered to do the job, using their own capital."

"We don't want to let the land, and therefore we can't tax them in the ordinary way for land they won't own."

"But we did sell the land and tax them at the usual rate, we'll have to expect them to build the most profitable project for them and not the most socially desirable one for us."

"I think we're far better off this way."

EDMONTON BULLETIN, Tuesday, October 31, 1950 13

Cultural Canada Born Says Dr. W. G. Hardy

"Canada is standing on the threshold of a new cultural age," Dr. W. G. Hardy told members of Canadian Authors' Association at a reception held in his honor Saturday.

Speaking on the work and aims of Dominion C.A.A. he emphasized the part small groups could play in raising standards of civilization.

Recently returned from Europe, Dr. Hardy, president of Dominion Authors' group, attended executive meeting of Dominion board in Montreal and Toronto on his way west.

He said Central United Church Chinese Fund, members of senior choir will hold tea Thursday from 10 to 10:30 p.m. in lower church hall.

Guests will be received by Mrs. H. Birdsell, Mrs. Peter Delicate and Mrs. W. J. Aiken. Mrs. James Brack is in charge of arrangements assisted by Mrs. H. Williams, Mrs. D. McDonald, Mrs. L. McCarty and Miss B. Parsons.

Male members of choir will assist in singing.

Car Bouspiel Work. Bouspiel work is about to launch Auxiliary of Associated Canadian Travelers who will cater for car Bouspiel. All proceeds will be donated to Northern Alberta Children's Hospital.

Conveners for Edmonton rink Poetry group meeting recently announced for Wednesday will take place at home of Mrs. A. D. Cook, 10460 - 163 street.

President of Royal Alexandra Hospital Alumni Association Mrs. John Oliver will receive annual tea, bazaar to be held in nurses' residence Nov. 8 from 3 to 5:30 p.m.

Party was held to welcome Miss Rogers into the world of teens and mark her 13th birthday as a special occasion.

Square dancing, games, singing filled the evening of fun for Dorothy Speechall, Sherry Fisher, Rosemond Ashworth, Helen Blair, Brenda Bishop, Myrtle Brown, Joan Talbot, Pat Peck, Betty Taylor, Mrs. C. A. Rogers, Carol Ann and Mrs. Goodrich.

HOLIDAY in England is over for Mr. and Mrs. Donald J. Quigley and their three children who arrived in Edmonton for a 40-day visit.

Before continuing to their Vancouver home, the family will be guests of Mr. Jacques' parents, Mr. and Mrs. Ernest Jacques for a few days.

SILVER QUEEN will be crowned tonight when Mr. Phil M. Hallow marks Founders' Day.

Members will wear formal frocks for the affair which will be held at the Corona hotel at 8 o'clock.

Nu Phi Mu is a Junior Affiliate of Beta Sigma Phi, business girls' society of international reputation.

WITCHES and widdits and bits of candy were all part of the fun at King Edward Varsity Play School recently when 75 children were entertained at Hallowe'en party.

Games and refreshments were arranged by members of community league.

MONOGRAMMED silver and flowers were presented to Miss Olive Fisher of Calgary at dinner, held recently by fellow teachers and friends. Dinner took place before the Convocation at which Miss Fisher received Honorary Degree of L.B. from University of Alberta.

Telegrams were read at dinner from absent friends. On behalf of the 75 guests present, Mrs. Constance Hallow paid tribute to Miss Fisher.

BUSY BRIDE-ELECT Loraine Stubbards and her fiancé Bill McLeod were guests of honor when Mrs. Larry Vance Jr. entertained 30 guests at the "Lime."

Members of the bride-elect Mrs. W. Stubbards poured tea. Mrs. Hugh Elston assisted in serving.

On another occasion Miss Stubbards and Mr. McLeod were guests of Allan Griffith when he was host at a dinner party for six guests. Dinner was held at the Macdonald hotel Oak Dining Room.

Brown Folk-Lore Told To Alliance By Vicomte Du Guerny

Simple folk-lore of Brittany were undigested by Vicomte Yves du Guerny when he addressed the Alliance Francaise recently.

He told the story of Brittany, the Bretons and their language.

Staggered crowd, tempered interest and treacherous seats, high and racing winds played their part in the mystery and awe of the Breton history," said Vicomte du Guerny.

Britons cherish their folk-lore, believe in immortality, the world of spirits and the life-world to earthly mortals.

Speaker was introduced by president Pauline Cavellin and thanked by Miss Saint-Martin.

Shaws, Pupi's Give Program to Patients

Pupils of Betty Hilly Shaw, performed for St. Joseph's hospital patients recently.

Mrs. Shaw, well-known for her playhouse career, directed and took part in the skits, musical numbers presented for the patients' benefit Shaw sang ballads for the program.

Cerebral Palsy Group Holds Urgent Meet

Urgent business will be discussed when Cerebral Palsy Association meets in club hall tonight at 8 o'clock.

British steel production reached record 1,317,000 tons in the first nine months this year.

At today's prices, coffee must be FRESH to get your money's worth. I make sure by getting EDWARDS. The vacuum-packed tin really keeps it fresh!

"I used to buy coffee in a paper bag. But I found EDWARDS doesn't cost a penny more* even though it's vacuum-packed in tin! That's why I changed!"

Enjoy the guaranteed freshness of rich, vacuum-packed Edwards for not a penny more*!

Rich, fragrant coffee—AND YOU PAY NO EXTRA FOR THE TIN! All because Edwards goes straight-line to Safeway to you... eliminates extra, costly handling. It's roasted only to order... then rushed to your Safeway and placed, fresh and fragrant, on the shelves. No long storage "sleep". No round-about handling! You get quality coffee in the quality container... FOR NOT A PENNY MORE!

*For not a penny more than for other well-known quality coffees sold in paper bags.

Fresh when you buy it. Fresh when you use it! Blended, roasted and vacuum-packed in Western Canada.

GET IT FRESH AT SAFEWAY

Civil Air Industry Plans Started

Minister Says Civil Aviation
Being Readied for Emergency

SENIORITY CLUB, Que. Oct. 31.—(CP)—Transport Minister Chevrier said today that basic plans already exist to gear Canada's \$400,000,000-a-year civil aviation industry to the needs of war should an emergency suddenly arise.

The minister, in an address prepared for delivery to a convention of the Air Industries and Transport Association, said he was not in a position to give details of what would happen should war come.

But he was satisfied that civil aviation had worked out with the military a "satisfactory basis for consultation" to weld the industry to the war effort. It would follow these lines:

1. Air force reserve men, now in civil aviation, would be called up for RCAF service, but not from that "wholesale denuding of the key personnel of essential civil air operations would not be in accord with wartime needs."

SURPLUS AIRCRAFT
2. Surplus civil aircraft probably would be taken over by the RCAF.

3. Civil airlines operators probably would be called on to take part in any necessary military air lift operations, just as Canadian Pacific Airlines now were transporting military personnel across the Pacific on a charter basis.

4. The wartime system of priority in airline travel would be re-stated and "plans for such a system under the control of the air transport board are well advanced."

Mr. Chevrier also dealt with the government's policy on airports and airways and said that income of less than \$17,000,000 from all domestic air services in Canada in 1945 had grown by 125 per cent in 1948 last year.

TCA REVENUES UP

The revenues of the government-operated airline—Trans-Canada Airlines—for the first six months of this year were up 18 per cent from \$10,000,000 to \$14,000,000. An operating deficit during the last six months of 1948 of \$1,000,000 was converted into a small profit.

The objective of Canada's airports and airways policy, he said, was the continued development of main airways systems together with provision of airports to serve local needs, but which do not lie on the main routes.

In assisting development of smaller airports, the government would extend grants-in-aid conditional on adequate local participation.

There might be cases where sizeable airports, though not on the main system would also be required regionally and these cases would be considered on their merits.

Gov't Buys Big Project In Alberta

REGINA, Oct. 31.—(CP)—Agriculture Minister Gardiner announced here yesterday the purchase of a large irrigation company in southern Alberta by the Dominion Government.

Approval to purchase the assets of the company, Canada Land and Irrigation Co. of Medicine Hat, for \$2,250,000, was given by parliament a year ago but arrangements to get clear title from shareholders have just been completed.

The transaction involves 15,000 acres of irrigable land of which 57,000 acres now is irrigated. Development of the project for irrigation will begin in 1951, Prairie Farm Rehabilitation officials said.

PLANS UNDER WAY

Purpose of the project is to provide irrigated land for resettlement and rehabilitation of drought-stricken Alberta and Saskatchewan farmers. Plans are under way to have some of the land ready for occupancy this year, with irrigation beginning next year.

Dr. L. B. Thompson, Saskatchewan director of the PFRA, estimated that about 1,000 farmers can be accommodated on the land which the government intends to improve.

He said 600 farmers are on the 57,000 acres of the project now irrigated.

Self-Rule Seen For N. Borneo

LONDON, Oct. 31.—(Reuters)—Britain yesterday announced the first step towards self-rule for another of her colonies. The announcement said a legislative council and an executive council are to be created in North Borneo. Previously the territory has been administered by the governor, Sir Ralph Hone, with assistance of an advisory council.

Korean Relief Blueprint OK'd

LAKE SUCCESS, N.Y. Oct. 31.—(AP)—The United Nations Economic and Social Council yesterday approved a detailed blueprint for the relief and reconstruction of war-torn Korea. The plan was embodied in a joint American-United Nations resolution. It calls for setting up the United Nations Korean Reconstruction Agency which will operate under the direction of an agent general and be responsible to the UN General Assembly.

New American-type sleeping chairs are being installed on the Norwegian state railways.

ON TRIAL is Dr. Gordon "Bumma Surgeon" Seagrave, of Granville, Ohio, for high treason in London, Burma. He is specifically charged with having aided the Karen rebels at Nankhan, where 80-year-old American medical missionary's hospital is located.

Seagrave was widespread fame during World War II, when he served in Burma as a lieutenant colonel in the Army Medical Corps.

WILKESBARRE, Pa. Oct. 31.—(AP)—Three men were killed and a fourth was critically injured in a gas explosion at Avondale Colliery, Glen Allen Coal Company yesterday.

Mexico will have at least 50,000 tons of cane sugar for export next year.

Marshall Aid to U.K. Seen Cut Substantially

By Harold Guard
Special to The Bulletin

LONDON, Oct. 31.—(UP)—Informed sources said today the United States has informed Britain that this country's share of Marshall Aid funds will be cut substantially.

American Marshall Plan officials even hinted that European recovery plan benefits may cease altogether for Britain because it has made such rapid strides toward recovery since the pound was devalued a little more than a year ago.

Britain is certain to fight any cut in its allocation on grounds that such a step would starve the nation on a downward trend again.

Informed sources said American officials told Chancellor of the Exchequer Hugh Galskell of the impending cut two weeks ago and he promptly relayed the word to the cabinet.

European Tour
It coincided with the visit to London of Richard Biesel, deputy European recovery administrator, on his way back to Washington from a European tour.

Prime Minister Clement R. Attlee is expected to issue a statement on the impending cut soon. Informants said the extent of the reduction has not been decided. It will be fixed in negotiations between Marshall Plan officials and representatives of the British treasury.

TO BUY FOOD
Although Britain as far as received \$175,000,000 in Marshall aid to buy food, raw materials and machinery in the United States and other dollar countries.

Thanks to this aid, plus Commonwealth help, Britain and its sterling bloc associates finally have closed the gap between their dollar income and expenditures.

The treasury announced early last month that the sterling area has more than doubled its gold and dollar reserves in the year since the pound was devalued from \$4 to \$2.50.
